

32-GALLON SHRED CART

This cart comes with a hasp so it can be easily secured with a padlock or combination lock. Its compact size fits easily and neatly in any office environment. Made from injection molded construction, this is a durable, secure cart that will get the job done guaranteed.

FEATURES

- 125 lb capacity
- Reinforced lid for added security
- Rubber wheels for easy and quiet servicing
- Made of HDPE and 100% recyclable
- Manufactured in North America
- JCAHO (Joint Commission) Compliant

SPECS

- Standard: 38.5"H x 19"W x 22.5"D
- Shipping: 21 per pallet

OPTIONS

- ID Badge
- Padlock
- E-Waste Opening

This unit has a reinforced lid for added security and a small footprint to fit almost anywhere. Using a hasp and padlock identifies that the container is locked, even from a distance. These locks can be keyed alike to your consoles and desk side containers.

Reinforced lid
