

ID BADGE AND KEY TAG

The ID badge is used to easily identify your company and also acts as a marketing tool with brand recognition for other local businesses. Key tags are essentially the same product with install pegs removed and a hole provided to attach keys.

FEATURES

- Fits on consoles, carts and desk side bins
- Plastic and durable
- Easy to install with 2 screws
- Great branding tool
- Clean and professional
- Can be removed if information changes

SPECS

- Size: 1.25"H x 3"W
- Stamping Minimum: 25 units

If you provide a key to your customer, give them one with an ID tag so they don't lose it. Avoid driving out to a location to open up a container because your customer cannot track down the proper key.

Easy to find and identify
