

E-WASTE 32-GALLON SHRED CART

This durable cart comes with an E-Waste collection opening and is capable of collecting a wide array of electronic components. The rubber wheels provide easy and quiet rolling.

FEATURES

- Manufactured in North America
- Rubber wheels
- Holds 125 lbs
- 100% recyclable
- Injection molded HDPE
- Large electronic insert with anti-phishing deflector
- JCAHO (Joint Commission) Compliant
- Reinforced lid for added security

SPECS

- Standard: 37"H x 19"W x 21"D
- Shipping: 28 per pallet

OPTIONS

- ID Badge
- Metal hasp or Lockjaw® internal locking system

The large top mounted opening allows you to keep the container locked and still deposit hard drives and other electronics. This cart has the choice of a hasp and padlock or the internal Lockjaw® to secure the bin. These locks can be keyed alike to your consoles and desk side containers.
